

## Theme Photography Project

**Objective:** With this project the student will explore the concept of “Theme” photography. The student will do research on the internet about “Theme” photography and then choose a “Theme” to do.

**Due Date:** Thursday, March 10, 2011

### Technical Requirements:

1. Use the Digital Rebels (or equivalent). For those that want to check out the Digital Rebel to take home you must have a Digital Camera Contract signed by your parent/guardian.
2. Student is expected to have 10 quality shots for the theme. All the shots should be shot in the “Camera Raw” mode.
3. Create a “Contact” sheet of all your “keeper” images.
4. Create 1- 7.5X10 image. Use the “Camera Raw” knowledge you learned about to make any adjustments that are needed to make the image quality better.
5. The best image will be printed out on quality print paper using the best print settings.
6. Mat one of the images that you believe is the best. The matted images will be hung up on the wall where it says “Commercial Class”.

### Other Requirements:

1. Write using the Memo Style that you learned in your answer the following:
  - a. What were the websites that you found on “Theme” photography? List the URLs for those sites.
  - b. Why did you choose the particular “Theme” that you did for this project?
  - c. What were the challenges for doing this type of photography?

### Grading Criteria

1. Print Quality (includes contact sheet) - 5 pts.
2. Presentation (Matting)- 5 pts.
3. Image Quality- 5 pts.
4. Write up- 5 pts.
5. Effort- 5 pts.
6. Requirements- 15 pts.
7. Theme- 5 pts.
